Sprint 1 Report - CMPS 115

Make College Simple - Team College Finance app

19th of October 2016

Actions to stop doing:

- Keeping data on our own devices and not commiting to git
  - We are having trouble keeping the code integrated

Actions to start doing:

- We need to start building the basic framework of our app
- Putting more time into the project
- Clearly communicating each member's roles

Actions to keep doing:

- Going to meetings attendance has been excellent
  - Calling out of meetings early giving plenty of notice
- Being honest about what we have done
  - Even if it isn't anything more than learning the basics
- Continue studying android studio and get more familiar with the interface

Work completed:

- As a designer, I want to create an interface on an android app that is intuitive and easy to use.
- As a designer, I want to get familiar with Android Studio so I can create a basic UI for the app.
- As a designer, I want to learn about Android Software Stack and Gradle so I can operate the Android Studio interface with ease.
- As a designer, I want to learn how to use different views on Android Studio so we can have more options for the UI.

Work Not Completed:

- As a student, I want to see if I have enough financial aid so that I can go to college.

Work completion rate:

Burn up Chart

Days / Hours

— Completed ▬ Trendline for Line 1 — Needed ▬ Trendline for Line 2

- Total User Stories completed: 4
- Total User Stories not completed: 1
- Total number of estimated ideal work hours completed: 20
- Total number of days: 7
- User Stories/Day: $\frac{4}{7}$ or .57 per day
- Hours/Day: $\frac{20}{7}$ or 2.86 per day
