Sprint 3 Report - CMPS 115

Make College Simple - Team College Finance app

4th of November 2016

Actions to stop doing:

- Forgetting laptop chargers in home
- Stop committing every 2 minutes
- Stop pushing directly to master
  - Use pull requests

Actions to start doing:

- Notify others when commits are made
- Understand the code before working
- Be more mindful of ATD items and avoid them
- Develop more consistent coding patterns as a group
- Make more sophisticated commit messages

Actions to keep doing:

- Going to meetings attendance has been excellent
  - Calling out of meetings early giving plenty of notice
- Being honest about what we have done
  Even if it isn't anything more than learning the basics
- Continue playing with the app and experimenting with new concepts
  - This had lead to several improvements
- Working well as a team
- Update the scrum board consistently
- Notify PO before changing master
